

Presbyterian Aged Care

FIRE SAFETY STRATEGIES & INSTALLATION OF FIRE SPRINKLERS

Presbyterian Aged Care is proud to say we have full fire safety certification for a building of this type and usage. We also currently have extensive fire safety measures in place that comply with legislative and regulatory requirements.

We are also complying with the current NSW legislation requirements (1 January 2013) relating to the installation of fire sprinklers.

Our commitment to, and timeframes for, this work has been lodged with the NSW Department of Planning, in accordance with our legislative requirements.

We have commenced our planning and scheduling for completion of this work, which will be completed by the end of August 2016.

Further information and details re: plans for this location can be obtained from the Facility Manager.
